Hello! I'm Gilza and I'm here today to tell you a little more about me, my love for cats and my work with them.

All my life I have cared for and protected our furry friends. Which led me to create the Spokane-based, Cat Wash Center.

I am experienced in handling all types of cats and in various grooming techniques.

We rescue and participate in several rescue teams, saving and caring for cats with different characteristics and personalities.

Being the mother of 9 cats, I know how difficult it can be to find a good, reliable groomer, and feeling this need in conversations with other cat owners, I decided to offer high-quality grooming and wellness services, treating cats with lots of love and respect.

Soon, I will have the company of the best cat groomers from different places. This way I generate opportunities and always maintain the quality, love, and happiness that these kittens bring to our lives.

Thank you for your attention. I am happy to meet new and precious friends (cats and people) and to honor a good service, with quality of the process, and the satisfaction of our customers.
